## EDUCATION

**2022 - PRESENT**

INGENIERÍA EN SOFTWARE – UNIVERSIDAD DE LAS FUERZAS ARMADAS - ESPE

## SKILLS

- Full Stack Web Development (MERN Stack)
- React.js / Next.js
- RESTful APIs & Microservices
- Database Management (MongoDB, PostgreSQL, MySQL)
- Frontend Development (HTML5, CSS3, JavaScript, Tailwind CSS)
- Backend Development (Node.js, Express.js)
- Version Control (Git, GitHub)
- Performance Optimization (Lighthouse Audits, Code Splitting)
- Deployment & CI/CD (Vercel, Netlify, Docker basics)

## LANGUAGES

- Spanish (Fluent)
- English (Intermediate)

## PROFILE

Software Engineering student, passionate about web development and creating technological solutions. I have knowledge of HTML, CSS, JavaScript, React, and other technologies. I'm looking for an opportunity that allows me to continue learning and apply my skills to real-world projects.

## PROJECT EXPERIENCE

**LUMEN – Online Store**
Role: Full Stack Developer - Personal Project

- Developed an e-commerce platform for custom t-shirts and hoodies using HTML5, CSS3, and JavaScript.
- Implemented responsive design and product management system.
- Deploy: https://ypz22.github.io/LUMEN/

**AutoSiglo – Car Rental App**
Role: Full Stack Developer - Academic Project

- Built a car rental system with authentication, modern UI, and database integration.
- Used C#, SQL Server, HTML5, and CSS3 for managing vehicle data and bookings.
- GitHub: github.com/Sebas-Parra/ProyectoFinalAlquilerAutos

**CinemaHub – Movie Browser App**
Role: Full Stack Developer - Personal Project

- React/Vite application for browsing and exploring movies using a third-party API.
- Implemented dynamic routing, data fetching, and clean UI components.
- GitHub: github.com/Ypz22/CinemaHub

**Guess My Number – Web Game**
Role: Frontend Developer - Personal Project

- Interactive guessing game where users try to guess a number within a range.
- Developed using C#, HTML5, and CSS3 with dynamic visual feedback.
- Deploy: https://guess-my-number-nine-kappa.vercel.app/

## EDUCATION

**Software Engineering – Universidad de las Fuerzas Armadas - ESPE**
(2022 – Present)

- Currently enrolled – GPA: 17.16
- Relevant coursework: Web Programming, Data Structures, Databases
